Submitting items for the newsletter: To help us keep track of the material, please include your name, address and date on each piece of paper you submit, including photos. For newspaper articles, including obituaries, please include the name of the paper it came from to include the date, city, state and page number. If you have the capability to send in your item electronically, as an attachment to your e-mail, that's great. But we'll accept it in any format, **so send it in!**

Share the Newsletter: We're not copyrighted, so you can share this newsletter with your local Genealogical Library or Historical Society or your family and friends.

Web Page Update: I'M WAY BEHIND! Lyda Cloud, Cheryl McCracken and several other people have submitted material for the web pages, such as photos and stories, and I have not had the time to update the pages. I need to update the Unattached Branches pages for example. Please bear with me.

Subject: WV VITAL RECORDS

I just wanted to tell you I have completed 6 weeks work on updating the database WV members with the latest WV Vital Records on the internet. There were about 400 of them. I would appreciate any additions or corrections that need to be made. Best Regards, Claude

**Subject:** E-mail Address

Ooops!! Several persons have commented that it took 5-10 minutes or more to get my new address to go through. Yes, no doubt a bit of frustration. Sorry.

The problem seems to be - what is the fifth letter in the address?? Is it a little "L" or a "one" ?

It is "l", lower case "L".

It is not a "1", one.

Is that easy to figure out when looking at the address? No. It was my error in not thinking through a new address.

My thought back in May was that "jh" are my initials, and "mel" is for Melrose, the street on which I've lived for nearly 31 years. "657" is my street house #.

Sorry if this has caused you any complications.

Hope you and yours are enjoying the summer. It is supposed to be 100 degrees in Chicago today. Yes, it does seem a little warm. - Jerry Hatch

**Subject:** Bunnell info

I was married to the late Barbara Kay Bunnell / Hill / Baker, born 1936 in Beloit, WI, died 1998 in Fort Collins, CO. Her mother was Esther a. Getsgo, her father Russell P. Bunnell, with two sisters deceased at an early age. I have kept a fair amount of info on The Master Genealogist, but I got started late and have not yet got all my sources line out the way I want. At that point I will submit info to you. I will answer questions at any time, however. I am aware of several others doing work on the Bunnell line as well.

Until then, I will get back to you.

 Apache, OK 73006-0708

[Ed. Note: I extracted Barbara Bunnell's line from Claude's database and sent it to Mr. Baker as well as instructions on how to get to it. She is 360851 in Claude's database and her lineage is: William<sup>1</sup>, Benjamin<sup>2</sup>, Benjamin<sup>3</sup>, Solomon<sup>4</sup>, Isaac<sup>5</sup>, Henry<sup>6</sup>, James<sup>7</sup>, Jacob<sup>8</sup>, Emery<sup>9</sup>, Russell<sup>10</sup>, Barbara<sup>11</sup>]

Direct Line provided by Lenita Gonzales, [lenita50@earthlink.com](mailto:lenita50@earthlink.com), or 7853 Prestwick Circle San Jose, CA 95135 and checked against Claude's database.

My information is in Claude's database, but rather jumbled. Here is what I know, and what I suspect but haven't proven:

Aaron Bunnell - Jenny Lewis  
 Charles Hinds - Mary Elizabeth Bunnell  
 Gertrude Hinds - Glenn Smith  
 Leonard Smith - Rachel Willard  
 Lenita Smith - David Gonzales

I suspect that my Aaron Bunnell is Claude's Aaron Miles Bunnell #330248, and that my Jenny Lewis is Jane Eunice Lewis. This would provide the following earlier generations:

Max Sullivan, maxrsullivan@remconline.net or 102 Crest Dr., Delphi, IN 46923-1801, provided the following from the Peru Tribune, Peru, IN, 20 August 2006:

Hazel M. Savage, 98

Wednesday, August 09, 2006

Hazel M. Savage 98, LaFontaine, formerly of Rochester, passed away at 5 p.m. on Sunday, Aug. 6, 2006 at the Rolling Meadows Health Care Center, LaFontaine.

She was born Dec. 29, 1907 in Danville, Ill., to **George Clinton** and **Laura Belle (Keplinger) Bunnell**. One of four children, she lived her early childhood on farms near Chili, Wabash and Peoria.

Savage graduated from Butler High School and attended Manchester College. While working as a waitress during the summers, she met **W. Scott Savage** of Macy. They were married on April 14, 1929 in the Indianapolis home of **Charles** and **Ella Kroft**. They went on a honeymoon trip the following summer in their new Model A Ford to Yellowstone National Park and to visit Scott's sister, **Marie**, who had homesteaded near Edmonton, Canada.

She lived in Macy from 1929 to 1957, during which time she taught school, was the Miami County truant officer and helped raise four children. The family ran a dairy during the summer, had a large garden, truck patch, and raised chickens for eggs and fryers to sell. She did lots of canning and baking. She enjoyed fishing, going to family picnics, collecting rocks and seashells, hunting mushrooms and watching birds and animals.

When her children entered school, she resumed teaching school and was one of the first kindergarten teachers in Rochester, teaching two sessions - one in the morning and the other in the afternoon, in a church basement. She continued teaching elementary school in Miami and Fulton counties until her retirement in 1972.

After her retirement, she and her husband made many trips with their travel trailer, camping and fishing in Michigan, Wisconsin, Minnesota, North Dakota and Canada. They spent several winters in their travel trailer at Fort Myers Beach, Fla., where they were often joined by her brother, **Truman**. This was an especially happy time in her life. They went out to eat frequently, had a wide circle of friends and she started doing shell craft work, macrame and crocheting.

Savage had been a member of Grace United Methodist Church, the Indiana State Teachers Association and the National Education Association. After her husband's death on Nov. 9, 1975, she continued her activities as a volunteer member of R.S.V.P., working at the Woodlawn Hospital gift shop, the Fulton County Historical Museum, Fulton County Public Library and as a teaching assistant with Alphabet Box Day Care Center.

Survivors include two daughters, **Sharon Savage**, Sonoma, Calif., and **Anita DuBois** and husband **Howard**, Rochester; two sons, **Argyle D. Savage** and wife **Barbara**, Peru, **Louis S. Savage** and wife **Lee Ann**, Bluffton, Ohio; 14 grandchildren and 16 great-grandchildren.

She was preceded in death by her husband; her sister, **Irma Stites**; and two brothers, **Lloyd** and **Truman Bunnell**.

Funeral services will be conducted at 11 a.m. on Friday at Zimmerman Brothers Funeral Home, Rochester, with Mrs. Savage's grandson, the Reverend Doc Newcomb officiating. Burial will follow in the Plainview Cemetery in Macy.

Julie Avery, jeica55@pacbell.net or 537 Cedar Dr., Watsonville, CA 95071 sent an obituary and memorial article on her great grandmother along with a photo. The obituary and memorial probably appeared in the Montrose [PA] Independent in October 1939. Grace died Oct 18th of that year. The photo was not part of the original memorial article or the obituary.

In Memory of Grace Bunnell Johnson

In the death of Grace Bunnell Johnson, Montrose Chapter, Daughters of the American Revolution, mourns the loss of a beloved charter member. We honor her memory by placing a daughter's marker upon her grave and inscribing this memorial on the annals of our chapter.

She was interested in all branches of the work and as historian performed a valuable service for the chapter.

She joined the society on the service of Joseph Bunnell, born in 1773, died 1807, a soldier of the Revolution and of the French and Indian wars. She was a descendant of the signer of the Great Charter of England and was eligible for membership to the Magna Charta Dames and also the Colonial Dames by right of descent for Theophilus Eaton, first governor of New Haven colony, and from Lieutenant Governor Jones, who married Hannah Eaton. She was a descendant of Richard Warren, signer of the Mayflower compact.

She was always interested in the Susquehanna County Historical Society and Library Association and was historian of that society from 1921 to 1933, and gave much time and help as a genealogist.

She was beloved by all who knew her and will be sadly missed by a large circle of friends.

Greatly Loved Bridgewater Woman Dies

Mrs. Homer B. Johnson Succumbs to Two Weeks' Illness on Wednesday.

Mrs. Grace Bunnell Johnson, wife of Homer B. Johnson, died at her home in Bridgewater township, near Brewster's Pond, on Wednesday morning at about four o'clock. Mrs. Johnson had been ill for about two weeks and on Friday suffered a stroke which culminated in her death.

She had always resided in the community where she was born seventy-one years ago. Her parents were Robert Oscar and Eliza Bolles Bunnell. Mrs. Johnson was an unusually high type of womanhood, ever interested in assisting anyone who was in sorrow or suffering and was a singularly sympathetic Christian woman. She was a member of St. Paul's Episcopal church and long active in its various organizations. She was a member of Montrose Chapter, Daughters of the American Revolution, and took delight in working for that organization. She was one of its most faithful and influential members. She also took a keen interest in family genealogies and made an exhaustive study of many branches of her own family, as well as others in the county.

She is survived by her husband and two sons, Stephen, of Scranton, and Herbert, of Bridgewater, and two grandchildren.

The funeral will be held from her late home on Friday afternoon at two o'clock. Her pastor, the Rev. P.H. Steinmetz, will officiate. Interment will be made in Montrose cemetery. A. H. Bowen is in charge of funeral arrangements.

Unattached Branches

This is probably the most challenging unattached branch I've seen. I'll let Herb Dawson, lhawson@charter.net or P.O. Box 166, Crum, WV 25669, tell his story. If you have any suggestions to help him in his search please contact him or me with the information.

My ancestor, Charles Barnell (1848-1907) came to America as a stowaway ca 1864. He enlisted in Co. B. 213 Volunteer Pennsylvania Infantry under the alias of **RICHARD NORTH**. He was married in August of 1867 in Gallia County, Ohio as **CHARLES BUNNELL**. He was listed in the 1870 census of Gallia County, Ohio as **CHARLES PENNELL**. I believe most of the records from this point forward were **CHARLES BARNELL**. He is listed in the 1880 census of Jackson County, Ohio as **CHARLES BARNELL**. In the special veterans census of 1890 for Wayne County, WV, he is listed as **CHARLES BARNELL**. In the 1900 census of Wayne County, WV, he is listed as **CHARLES BARNELL**. He is listed in the death records of Wayne County, WV in 1907 as **CHARLES BARNELL**. I have been unable to locate him in the 1851 or 1861 census of England or Wales. I have also been unable to find him in the birth records of England or Wales during the time period of from 1837 through 1850.

This past March 2006 I spent a few days in London, England. I did not have time to spend at the Society of Genealogists doing the desired research. I do believe that the English pronunciation of the letter **A** as in "BA BA Black Sheep "ave you any wool!" may be closer to the pronunciation used by my great grandfather, Charles Barnell. I suspect that the letter **R** was later added to the surname. I cannot be sure until I locate my ancestor somewhere in England. I am not sure how accurate the indexes to birth records for England are? If my ancestor had a different forename or first name than Charles, as well as another spelling for the surname, I really have a difficult job.

I started with BARNELL and changed the vowel A to an E, then to an I, then an O, then a U. BERNELL, BIRNELL, BORNELL, BURNELL. I also tried throwing the R away to create BANNELL. BENNELL, BINNELL, etc. This did not help much either.

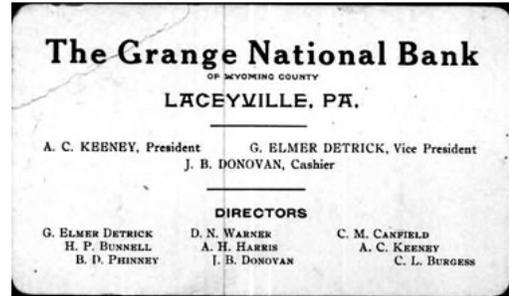

My great grandfather said that he used the alias of Richard North to prevent his father from sending to America and making him return. According to family members that I have interviewed

concerning Charles Barnell, he was an only son, and an only grandson. He had a sister, name unknown. He was a small man. His pension records indicate that he was 5 feet, 1 and a half inches tall. His hair was sandy to red in color. He had at least three red headed children. He listed his profession in the military enlistment papers as a "paper stainer!" This would be someone who applied paint to wall paper.

[Ed. Note: This Charles Barnell is 007160 in Claudes database. His information is from the 1880 and 1900 census data cited above.]

Research Findings

Carol Brotzman, brotzmans@epix.net or R.R. 1, Box 1206, Laceyville, PA 18623 provided this business card from The Grange National Bank in Laceyville, PA. She said that the card dates to 1917. This is probably another item she saved from being tossed into the trash can. In case you can't read it, the name of interest under the title Directors, is H.P. Bunnell. Claude and I agree that this is probably Harvey Place Bunnell, 330039 in the database.

Carol also sent the following:

100 Years Ago

Submitted by Betty Smith, curator, Susquehanna County Historical Society 06/21/2006

Items taken from the Independent Republican, the Montrose Democrat and the Tri-Weekly Journal

Dimock - Last Saturday afternoon during the severe storm, Frank E. Bunnell was struck by lightning and instantly killed. Besides being a first-class farmer, he also had a remarkable mechanical bent, and made a specialty of moving buildings. His brother, James, who was with him, was also badly shocked but has completely recovered, while another man employed with them also received a less severe shock. The men, J.W. & L.F. Thornton, Harry Brown, Thomas Oliver, D.G. Underhill and Johnnie Donohoe, were at work moving what had been a creamery building and were waiting for the rain to cease before resuming work.

The Bunnell brothers were seated on the sill of a door and over their heads from the smokestack ran a wire. This wire was not grounded, but the end was fastened in the woodwork a few feet over their heads. The men were conversing with each other when a bolt of lightning struck the stack and ran along the wire. Frank, who was seated nearest the end of the wire, received the full force of the electric current directly on top of the head, causing instant death.

His brother was also rendered unconscious and it was thought for some time he had been fatally injured. The deceased was 38 years of age and is survived by a wife and four children.

[Ed. Note: Frank or Frances and James are 340128 and 340127 respectively. Their lineage is: William¹, Benjamin², Benjamin³, Gershom⁴, Joseph⁵, James⁶, James⁷, Frederick⁸, Frank/James⁹]

Barbara Barrett, Barbchg@aol.com or 80 So. Pleasant Rd., Unit 301, Lake Zurich, IL 60047-2270, wrote that "I just happened to find this in my paperwork and thought you might like to have it."

I was at the Moultrie-Colquitt Co. Library in GA last year and saw something that interested me. It had several surnames I was interested in so I had it copied. It is a book of names of "English Crown Grants in St. Matthew Parish in Georgia, 1755-1775." Ben W. Fortson Jr. was Secretary of state and Surveyor General while Pat Bryant was Deputy Surveyor General. This was on the cover of the book. Also I had written by pencil more information that was of modern times somewhat, Marion R. Hemperley, Surveyor General Dept. State of GA.

One of the names in this book was a Daniel White "Bonnel," 300 acres, St. Matthew Parish. Granted Book I, page 524 bounded on the south by said grantee.

[Ed. Note: I found the book on-line at www.gmhope.com/galndrec/stmabs12.htm. The land was granted March 3, 1772, Grant Book I, page 524. From <http://www.cviog.uga.edu/Projects/gainfo/parishmap.htm> I found that: "Christ Church, Saint Matthews, St. George, St. Philip, St. John, St. Andrew, and St. James parishes were created by an act of March 15, 1758." Comparing those maps to more current ones, it appears that the Ogeechee River is within the boundaries of the St. Matthews Parish. We know that a Daniel Bonnell (CB009436) was granted land in that area after the Revolution. It appears likely that this is the same Daniel Bonnell.]

Research Tips

Here's some ideas from the Ancestry Weekly Journal and the Ancestry Monthly (both published by Ancestry.com), the Rootsweb Review (published by Rootsweb.com) and National Genealogical Society (NGS) publications.

School records are sometimes maintained indefinitely and may contain all sorts of data. Over the course of growing up some of our ancestors may have attended several different schools. (Ancestry Weekly Journal, 26 August 2006)

Don't overlook small, local libraries and historical societies. (Rootsweb Review, 1 March 2006). My cousin Cecil is spending hours at the historical society in Tioga County, NY and has hit the mother lode of local newspapers. They're not indexed so he's spending a lot of time reading, but the information he has found has been remarkable. And don't overlook the social news sections.

Land Records resulting from the Homestead acts of 1862 (original Homestead Act), 1866 (Southern Act), 1873 (Timber Culture Act), 1874-1879 (Grasshopper Acts), 1904 (Kincaid Act) and 1909 (Enlarged Homestead Act). Also an 1898 law allowed military time to count as time spent on the Homestead, so you may find some military service information in the land records. (NGS News Magazine for October/November/December 2005) Unfortunately the only place not on-line that they seem to be available is the National Archives in Washington, DC.

Bureau of Land Management (BLM) records for patents issued by the federal government between 1820 and 1908 for public land states. This is a website, www.glorerecords.blm.gov that is free, very user friendly and includes the lands granted through the Homestead acts. You can even view a copy of the original grant. (NGS News Magazine for October/November/December 2005)

Records relating to occupations: professional organizations, directories and publications (AMA, ABA, Unions, church leaders); appointment authorities (government jobs such as postmasters, pension examiners, lighthouse keeper); special census records (Agricultural censuses, veterans census); licensing offices (town, city or county licenses for bars, pharmacies, auctioneers, etc.), Indigent records (may be state or county). (NGS News Magazine for January/February/March 2006)

Corrections

Last issue, on page 25, we printed the draft of an obituary for Norman Bunnell, which stated that he died in Juliet, GA. Lyda Bunnell has since written and said that Norman died at Forsyth Nursing Home at Forsyth, Georgia.

Post Script

Here's what we're working on for the next issue; if you have some material regarding these people please send them in soon. Thanks in advance for any help.

Oklahoma will be focused on with articles about Twin Silos Farm in Salina and the Charles Bunnell family that lived on the Cherokee reservation in Watts and any other that we find along the way.

The David & Sarah (Conrad) Bunnell family who were among the first converts to Mormonism.

In the meantime, we hope you had a safe and happy Labor Day and that you have an enjoyable Columbus Day and Halloween. And don't forget to vote.

Because this is our first report on the DNA testing, extra space is required. Rather than shorten the main portion of the newsletter, we've opted to tack on a two page supplement dealing only with the DNA testing. The first big news is that Steve Bonnell volunteered right away to be the group administrator for the DNA project. Pat and I really appreciate it and the whole Bonnell/Bunnell/Burnell community should also. He immediately set up the web-site and he's currently up to his ears in the project. Here he is:

DNA & Genealogy

Steven Lance Bonnell family (2003), from left to right: Luke Adam, William Thomas, Benjamin Steven, Steven Lance, and Kathleen Blanche (Beaghley) Bonnell.

In the last issue, Charlie asked for a volunteer to become the DNA Group Administrator. Well, I volunteered! So, here's a little about me:

Steven Lance Bonnell b.1952

#029174 in Claude's Database.

I live in Montoursville, PA and work in Electronics & Software developing Embedded/Automation Controls. Spent a tour in the US Coast Guard as an Electronics Technician, where I was stationed at the Western White House in San Clemente, CA during the Nixon Years, then went to Cape Sarichef, in the Aleutian Islands, Alaska. www.kbsb.com/uscg/

Also spent some time in the Coast Guard Reserves and the Navy Reserves. (The Navy definitely has BIGGER boats!)

I married my high school sweetheart (dating since 9th grade) in 1971. I sold my HAM equipment to buy our diamond ring! We have 3 sons and 1 grand daughter.

I've been researching the Bonnells of the Pine Creek Valley in Pennsylvania area for about 8 years or so and have a web site at <http://www.kbsb.com/bonnelltree/>

Please do not be concerned about my handling any of the DNA Results or Identifications as the DNA Group Administrator; only information that you have agreed to be divulged will become available to others. Please, review the DNA information at the FamilyTreeDNA web site <http://www.familytreedna.com>, then, join the BNL_dna Group and order a test!

For those members who don't use the internet but want to participate, please contact me and I'll make arrangements for the FamilyTreeDNA company to provide you with the proper forms through the mail. You can contact me at:

What in the world does this mean??? The simple explanation is that, across the top in yellow is the identifying name or number for the specific DNA marker that is examined. The numbers below that line represent the value or count of that marker for each individual. Note that some of us had 37 markers tested while some had 12 or 25. The more markers that match for two individuals, the greater the likelihood the two are closely related. Looking at Kenneth and Charles, 35 out of 37 markers match indicating there's a 91% probability they share a common ancestor within the past 12 generations. In this case, it confirms the trail we've built on paper connecting them at the immigrant William. But, in the case of Steven Bonnell (PA) and Steve Bonnell (AZ), there are only 14 of 25 markers that match; that's too much difference to allow predicting a relationship. However, Steven (PA) and James are both part of unattached branches. So for them, their unique markers may be beneficial, **IF** we can get more participation from other unattached branches, such as the Kentucky contingent or descendants of the immigrants Thomas Bonnell (NJ) and Daniel Bonnell (SC). Here are the lines for which we have test results thus far.
