**ATTENTION! New Address!**

**From the Editor: HAPPY HOLIDAYS! Please Note New PO Number & City!** When opened our post office box, last year, we couldn't get one at our local post office So we bought one in the nearest city, Graham Now they've built a new PO a mile from my home, in Spanaway. So the Graham one will be good till March 1998, in case you forget and send mail there. The street address is mine in Spanaway It's okay to mail there, too. Now, send packages of research to be printed in the next newsletter Since I mentioned that sometimes the amount of mail for the newsletter can be overwhelming, you stopped writing! Sorry for the whining! Please send in information to be printed. We are getting very few queries or submissions for print from the members. Also send in **Direct Lines and Pedigree Charts, and Helpful Sources for Research - for the new column; 'Books & Sources'.**

Sorry this issue is a bit late. With the holidays and Bazaars Terri & I were both working on - the 'volunteer' stuff got shoved to the back burner for awhile. We are trying something new also - having an outside business print our newsletter. I had been doing it on my home copier, but it is too much for the little thing, and the ink- cartridges cost more than doing it commercially. Only problem, they don't do it as soon as I finish typing it (as I did). We have to wait for other customer orders. Hopefully, by the next issue, we will be up to speed! Next issue to be mailed end of February Send in your charts etc.

**1998 Newsletter Dues: \$12.00 due by Jan. 15 to insure uninterrupted suscription - Payable to: Carole Bonnell**

Your mailing label will tell you what year your dues are paid to Four of you have already paid for 1998 Thanks!

**Editors Suggestion; Share your copy with your local Library, Genealogy or historical Society, if they don't receive it - You are welcome to make a copy of the paper - this is a not for profit paper to help gather family information - the more circulation, the better. At this time, Jan 1997 forward, it is not copyrighted by me.....**

**Smaller Print:** Information that will be in *every* newsletter (Research Gathered, Query, etc) will be in smaller print to save space. By now you've read it two or three times c.nyway (such as just below)

**INDEX to Information Received: *Exchanging Information***

As I receive subscriptions, there are also letters or Queries on different lines. As I find the same names, with the help of Teri Bonnell, sister-in-law and good. friend, who has offered to help me. We will try in alert others tracing the same names in the line and urge them to contact each other for exchanging information.

**Research Gathered'. INDEX;** in each issue you can contact the newsletter or the compiler of the information. I would like to encourage subscribers to contact each other and share information. There is an enormous pile of gathered information in our files that did us little or no good, but may be a major breakthrough for someone else.

**Sharing Research Information:** We all have research we have collected over the years that didn't help us. but may help others in their research. Claude Bunnell has a very large data base full of Bunnells of every spelling that he has collected over the years and has used proven sources, such as birth, death and marriage- etc. He has generously offered to answer queries for us and share his information. He asks that you send him proven sources of Birth. Death. Marriage. etc.. to add to his research for sharing with the rest of us. Send

queries to me. I will print them in the newsletter and forward them to him. He will send you (and me) a copy of his answer. But...the query is for all of us to try to answer and add to, if we can. If I receive the answer in time. I'll print it with the query.

### **A SENSELESS DEATH: Judge Vickie BUNNELL**

**Judge Vickie Bunnell's Death:** I received articles from many readers, in different states, from New York to Washington State, about the senseless death of Judge Vicki Bunnell in NH. Also, some information about her connection to our immigrant William BUNNELL from William Austin, our past editor. A small article follows: plus part of a letter from William Austin:

Bill Austin sent many copies of the story of Judge Vickie Bunnell's<sup>1</sup> death by a wild gunman in New Hampshire, that were sent to him by subscribers and friends. I have tried to combine the articles and write below the story for those who did not hear of it in August this year. Below is part of Wm. Austin's letter to me:

*"I called Clifton (Kip) Cilly. ST.. one of our subscribers who lives in Columbia, both Vickie BUNNELL, and Dennis Joos, the editor who was killed, were friends and neighbors of his. Kip told me that Drega (the shooter) had been a trouble-maker for years. Kip, himself, was on the local Planning Board which had made decisions adverse to Drega and could easily have been a target also.*

*I am enclosing copies of clippings from a number of newspapers for whatever use you care to make of them. Kip will be sending me clippings from the Hampshire papers, including Vickie's Obituary, but I don't have them yet."*

### **THREE HOUR RAMPAGE -August 19, 1997 Death of Vickie BUNNELL**

Carl Drega. now 67 yrs old went on a rampage in Colebrook New Hampshire, a small town near the Canadian border, killing four before police shot him. Drega, a longtime conflict with town officials. In the early 1970's, the town took him to court over a zoning violation because he refused to finish a house, which was covered with tar paper; according to former selectman Kenneth Parkhurst.

One night in 1991- Drega showed up at the town hall and began rummaging through property files. Vickie Bunnell called state police, who removed him in handcuffs. They barred him from the place and kept an officer on duty just for their own safety for a time. Later that year, says a neighbor, Gary Phillips, Vickie Bunnell went to Drega's house, with a police officer, to serve him with court papers and Drega greeted them with a gun. The 44 yr. old Bunnell had troubles with Drega earlier. when as a town selectwoman in Columbia, she had him removed in handcuffs from the town hall over a zoning dispute. She obtained a restraining order against him, after another confrontation, saying he was "a time bomb."

Carl Drega who had been feuding with officials from the small town of 2,400 in northern New Hampshire over zoning and other problems began a killing spree ending in his death He apparently set fire to his home in Columbia just south of Colebrook, where he lived alone. Different stories tell that he caused a disturbance in a small grocery store and shot the officers as they arrived, another states, about 2:45 p.m. state troopers stopped Drega's red pickup for a traffic violation outside a supermarket. Drega, while wearing a bullet proof vest shot and killed officer Scott Phillips, 32, and Leslie Lord, 45 with an assault rifle. Officer Phillips was seen by Roland Martin running into a field shout-shouting and drop to the ground. Drega walked over to him and shot him four more times. Drega then jumped into a police cruiser and drove a short distance to the newspaper building and Bunnell's law office.

When Vickie Bunnell saw him pull up. she recognized him and ran out the back of her law office. Bunnell who was a lawyer and part time judge, ran through the neighboring office of the *News and Sentinel*, screaming "It's Drega! He's got a gun!" The newspaper editor. Dennis Joos, 51. tried to intervene, as Bunnell fled into the parking lot. Drega shot and killed Joos as he struggled with him. He then shot Bunnell in the back and she died instantly, as others fled the building. He then jumped back into the police cruiser and raced across the Connecticut River into Bloomfield. VT. where he was seen opening fire on NH Fish and Game Officer Wayne Saunders, striking him in the arm, his badge stopping the other bullet. He jumped out of the stolen police cruiser under the underpass and started shooting Saunders was hospitalized in fair condition.

Drega then left the police cruiser, by now riddled with bullets, in Brunswick, VT, a few miles south. By now scores of heavily armed officers were closing in. Officers began searching for Drega on a logging road around Maidstone Lake, VT, south of Bloomfield. Soon, he returned to NH and disappeared into the woods at Stratford, about 12 miles north of Guildhall. Officers wearing flak jackets and carrying rifles took chase. Drega shot and wounded four men before he took a fatal bullet. He was on the edge of the woods, and bullets were flying whenever he was seen. Border patrol agent John

<sup>1</sup> Her ancestry in Direct Line section this issue.

Pfiefer- 33- was shot in the chest and remained in critical condition the next day. New Hampshire trooper Jeffrey Caulder, 32. was shot in the leg, but in satisfactory condition, another trooper was cut on the foot by shrapnel. By 7 p.m. an announcement was made that Drega was dead.

Drega had, in his truck, a 'hit list' with names of at least two other intended victims, according to the *Concord Monitor*. One of the names was Superior Court Judge Harold Perkins; who was in court in Lancaster during the mayhem. Police escorted him away and guarded his home while the rampage was going on.

### 23. BUNNELL. BYGOTE

*Does anyone have inf. on the first Thomas BUNNELL 1550-1607 as to his marriage and his children?*

Answers from members: Part of a letter from Wm. Austin to Gladys Treadway;

" RE; Thomas Bonnell and family. Basically this query was answered in an article in Newsletter Vol. VI # 3 in July 1992. This is ail the information discovered about him so far. A copy enclosed. It does not depend on preponderance of evidence. Thomas and his family appear quite frequently in the English records, both in Norwich and in London.

The Baptisms of several of his children, including that of son Benjamin, appear in the church records in Norwich. His will was proved in the Consistory Court of Norwich on 11 Nov. 1607. Although I do not have a copy of the will, an abstract was published in the book cited- THE PERVERSE WIDOW- and the abstract is essentially quoted in paragraph five of the second page of my article.

No one has ever found any evidence which suggests a connection between this Bonnell family and the immigrant William Bunnell. In the 1920's Carolyn Syron Valentine wrote a family history. Since she was a descendant of the Bonnell branch of the family she assumed the Bonnell was correct and that Bunnell was a corrupt spelling. She stated plainly in her manuscript that she could find no record to indicate who William's father was. so she looked for the most prominent Bonnell family she could find in England and found that there was no record of a wife or family for Thomas's son Benjamin therefore- she said, Benjamin Bonnell must have been the father of William Bunnell. This incredible conclusion has been copied so many times that it has acquired a life of its own even though it was entirely a figment of Mrs. Valentine's imagination. Why she chose Benjamin rather than his brother Thomas; who would at least have been old enough to have been William's father, is a mystery.

In searching for William Bunnell's ancestry we need to search the English records with open minds, since we have , no idea of when or where in England he was born or who his parents were. There were Bunnells, Bonnells, Bonehills, etc., in many counties of England at the end of the 16th century. Any one of them might be the right one, but we need EVIDENCE.

If you come across *any* source of information which might lead to a solution to this problem, I hope you will share it with me. If I am wrong regarding this matter. I would be glad to admit it. Best of luck in your searches.

Oliver Hartley BONNELL, son of Alfred Murray BUNNELL (*born BUNNELL*) born 1858 in Moncton, New Brunswick, Canada came to US in 1878 through MN to Miles City, MT- lived in Chamberlain SD and Livingston MT. He owned an Indian Trading post in Chamberlain SD where he is said to have published a book on the Sioux Language and its translation including something of their 'sun dance'. Has anyone seen this book - I do not have a name, but would be authored by Oliver H. Bonnell between 1890-1920, probably in SD, maybe MT. He owned a threshing machine, ranched in the Chadbourne area of the Shields valley of MT for 30 yrs (near Uvingston). He died in Livingston MT 1940. *Carols Bonnell - Editor*

#### **26. BONNELL. COOVER.**

Thomas BONNELL born 1-15-1776 married Eva COOVER and his sister Sarah (BONNELL) married John COOVER. Am I safe in saying John and Eva were brother and sister and who were their parents? (In reading though newsletters, books and histories published, there is so much conflicting information. Dates also vary. One wonders what to put down.). I also have not found a wife's name for Benjamin born 1730 son of Solomon and Mary Holdren BONNELL. I have found the name spelled so many different ways but by time it gets to my Benjamin P. it is Bunnell (I have never found what the P. stands for). John Cyrus spelled it BUNNELL and it has always continued this way to me. *Mabel Daniels-301 Sherman Street-Beacon, IA 52534 (see direct lines)*

**RE:** Joan England Murrays info: July 1997 newsletter about 'Jesse BUNNELL d. 17 Jul 1871, Elizabeth, wife of Jesse BUNNELL b. 17 Mar 1794, d. 2 Jun 1874.' -

" The Jesse and Elizabeth Bunnell, whose graves Joan found in Marion, IA. were not the Jesse and Betsy (Hyatt) Bunnell who appear on page 147 in Ruth Duncan's book. Betsy (Hyatt) Bunnell died 23 October 1867 and Jesse died 3 February 1869, both in Maine, Broome CO, NY. They were buried in the cemetery in Maine, where I copied their gravestones.

Claude's Database lists a Jesse Bonnell, b. 1792 in New Jersey, who married Elizabeth Harlson in Highland CO. OH, on 6 Aug 1818. The Database does not identify the parents of Jesse. I enclose a copy of the Notes & sources Report from the Database showing that this Jesse and Elizabeth lived in Marion, IA, and appeared in the census record there in 1860 and 1870. The grave records found by Joan add to our knowledge of this family. Bill Austin"

**TRIVIA - DESCENDANT OF BENJAMIN BUNNELL** - sent in by *Richard Bunnell*, Riverside, PA.

"For those descendants of the union of Byron BUNNELL and Caltha DECKER BUNNELL—  
Going Back two generations to Caltha's lineage, it ties into the GORE family. Going back three generations you come to Obadiah **GORE**, Sr.

The year was 1772 in Wyoming (now Wilkes Barre) PA. Obadiah was a blacksmith. Anthracite coal was everywhere, even on outcroppings. It was known that it would burn but did not sustain combustion very well. So one day Obadiah took a hammer and whacked off a bucket full of golf-ball sized pieces. He then threw the coal on his forge and turned on the bellows. Voila! One hot fire! He took a horse shoe to heat it to malleability. In an instant the horse shoe started to melt. At that moment began the iron and steel industry in this country. *Thanks Richard.*

**Change of publishing dates:** We will be changing the publishing dates the ends of: FEB, MAY, AUG, NOV., V. beginning with this issue. I hope it doesn't inconvenience anyone. Most pay their 'dues' in Jan- so we'll know better who is subscribing again. Also those of you who have summer/winter address, let us know where **May** should be sent.

#### **SOURCES & BOOKS that have been useful For Research: check at local gen library**

*(Many or even all of these sources will be common knowledge to seasoned researchers, but newer researchers may not have heard of these. Please send in your favorites and also sources especially helpful to Bonnell/Bunnell etc. research).*

#### **GENEALOGY CD'S for researching:**

I have many CD's of Gen. nature if anyone is interested in a copy of the list, to be searched, send a \$ 1.00 and I'll send you a list of what I have on CD & the Newsletter membership list. We were going to add it to the last newsletter of the year, but it is 4 pages (of addresses) and would either use up 4 pages of research, or cost us \$ 38.40 stamps, \$48 in copies and another \$24 copying the CD; which would be over the years budget. This way only those interested will pay for it and not lose pages of the newsletter. Nov. 1997 Added CDs since last list: (for whomever ordered it).

**CD 400 - Marriage. Index: Ohio, 1789 - 1850** = 303,000 selected mar. rec from 85 CO's in OH- Fulton & Monroe Co's excluded, incl. Mar. date, name of ea. spouse- County mar. recorded, Soundex code for ea spouse.

#### **PEDIGREE CHARTS**

If you have a Bonnell/ Bunnell, Bunell, all spellings, in your line. **please send me your pedigree chart** to add to my files and I can shrink them down and print some each month in the newsletter. Since we aren't all up on geography - please also add the *state*, not just city and county when sending in ANY information to the newsletter. **Be sure to put your name & address on ALL pages sent to us.** The only way there will be room enough for all we wish to be included, without raising the cost of the paper, is to shrink some of it down before printing. If it is too small, take that page to a copy center and have it enlarged - or complain to me, and we will put less in the paper. But please send in the charts for my files.

Write the name of the common Ancestor in the proper box.

Write your name on the line at the Left of the chart at the point of your relationship to the Common Ancestor.

Write the name of the person, for whom you are seeking the degree of relationship, on the Top line at the point of this person's relationship to the Common Ancestor.

Trace down the paths, from the point where each person's name is written. The block at the point where the two paths cross indicates the relationship.

**Example:** You are the Great Great Great Grandchild (4 Great Grand Son/Dtr) following the paths downward to the right and from 5 Great Grand S/Dtr. downward to the left. It will be found that the paths cross at 5<sup>th</sup> Cousin 1 X (time) Removed.

**Idea:** Use tracing paper over the chart—or copy many pages of the chart to write in your names.)
